**Bob Venters**

Resale Manager

### In Case of an Outage

If your electricity is off for more than a few minutes, call 800-407-2217. Office hours are 8 a.m. to 5 p.m. After-hours calls will be answered by the dispatch and standby personnel.

### 24-hour Electrician Service

If you are without electricity or have an electrical emergency on your side of the meter, we have a master electrician on staff available 24 hours a day.

## Your Co-op Employees Are Here to Serve You

## Moving? Don't Forget to Let us Know

Lane-Scott Electric would like to remind our members of the importance of calling our office when you move.

Our cooperative needs to talk with all parties involved when transferring an electrical service. If you are moving out of the cooperative territory, a forwarding address is required so we can send your deposit refund and capital credit notices.

When you move onto our system and need to establish a new account, a credit check will be run to determine if a deposit is required.

Whether you are connecting a new build or transferring a service, a signed

service agreement must be received by the billing department. Once you sign-up for service, you automatically become a member and begin receiving benefits of cooperative membership.

Personal attention is given to our customers, whether you have questions about your home, farm or business. Options are available for receiving and paying your bills. Bills can be mailed or e-mailed and payments can be taken over the phone, web or set up for automatic withdrawal from a bank account.

Feel free to call our office with any questions about your electric account.

## Mark Your Calendar for Lane-Scott Annual Meeting

July 12, 2011, at the Lane County Fairgrounds

Here's your chance to take part in YOUR Electric Cooperative's Annual Meeting. Plus get a free meal and win prizes!

We hope to see you there!

## Lane-Scott Offers \$500 Scholarship Application Deadline is May 15, 2011

Lane-Scott Electric Cooperative will offer a \$500 scholarship to an individual going into the electric utility field.

We provide this scholarship to support the development of effective leaders through educational opportunities. This scholarship is awarded annually to an eligible applicant. Eligibility is based on the following requirements.

### Applicants Must Be

A senior or high school graduate planning to further his or her education in the electric utility field and enrolled as a full-time student in an accredited university or college. Junior, community, and vocational or technical colleges also apply.

Each applicant for the scholarship shall be considered on the criteria without regard to race, age, color, religion, gender, national origin or existence of physical handicap.

The successful applicant will be chosen on scholarship merit based on the following: scholastic achievement, extra-curricular activities, community service and school. Preference will be given to an individual in the Lane-Scott Electric Cooperative service territory.

### Selection Procedure

The scholarship committee of Lane-

Scott Electric Cooperative will make the selection based on the above criteria. Each applicant must be willing to be interviewed by the committee, if necessary.

### Payment

The scholarship recipients shall notify Lane-Scott Electric Cooperative, Inc., in writing of their college enrollment.

The cooperative will then pay the institution. Should the recipient withdraw from college, payment of the scholarship monies shall cease and reimbursement of unused monies shall be made to Lane-Scott Electric Cooperative.

### To Apply

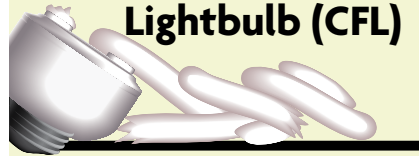

To apply, contact the Lane-Scott Electric Cooperative office for an application.

Completed applications must be postmarked and/or returned to Lane-Scott Electric Cooperative, Inc., **by May 15, 2011.**

### Mail Applications To

Scholarship Committee, Lane-Scott Electric Cooperative, P.O. Box 758, Dighton, KS 67839. Questions about the scholarship program should be directed to Earl N. Steffens, Lane-Scott Electric Cooperative, General Manager, at 620-397-5327.

## How to Clean Up a Broken Compact Fluorescent Lightbulb (CFL)

A CFL's glass tubing contains about 4 milligrams of mercury. While this isn't much (classic thermometers contained 500 milligrams) consumers should still take precautions if a CFL breaks.

- 1 Ventilate the room, then wait 5 to 10 minutes. 
- 2 Scoop up powder and glass fragments using stiff paper or cardboard. Seal in a plastic bag. 
- 3 Use duct tape to pick up any fragments or powder.
- 4 Immediately place all materials used to clean up and the plastic bag in an outdoor trash container. Remember to wash your hands. 
- 5 Not all recycling centers accept broken CFLs. Check with your local and/or state waste authority for disposal requirements, or visit Earth911.com.
