

NON-DOMESTIC SERVICE

APPLICABILITY:

Applicable to non-domestic farm buildings and services, water pumps and wells, fence chargers or other services not covered in other specific rate schedules. A separate meter is required for service under this schedule. Connected transformer capacity shall not exceed five (5) kVA.

TERM OF CONTRACT:

All new connects under this schedule that require any installation of new facilities will require a five year contract.

For non-domestic connects of a temporary nature, temporary service will be supplied in accordance with this rate except that Consumer shall pay in addition to the established rate the average system cost of connecting and disconnecting service less the value of materials returned to stock for the previous twelve months.

TYPE OF SERVICE:

Single-phase at available voltages.

RATE:

Customer Charge:	\$10.00 per month
Energy Charge:	\$0.09904 per kWh

At the Cooperative's option, the customer charge may be paid semi-annually, \$60 in advance and the service will be billed for kilowatt hours used on a semi-annual basis.

TERMS OF PAYMENT

In accordance with the Rules and Regulations of the Cooperative as they currently exist or may be amended from time to time.
